

# Priya Nair

AI Researcher

## Contact

Email: priya.nair@example.com

Phone: +91 98765 43210

Address: Bengaluru, India

<https://linkedin.com/in/priyanair> | <https://github.com/priyanair> | <https://priyalabs.ai>

Date of Birth: 1993-12-01

Nationality: Indian

## Profile

AI Researcher focusing on multimodal learning and efficient adaptation methods; published at CVPR and ICML.

## Experience

### Research Scientist — VisionAI (Bengaluru, India)

Jun 2022 – Present

- Proposed parameter-efficient tuning for vision-language models.
- Released open-source code and model checkpoints.

Tech: PyTorch, Transformers, Lightning, CUDA

## Projects

VL-Adapter — PyTorch, Transformers

Lightweight adapters for VLMs with strong zero-shot transfer.

<https://github.com/priyanair/vl-adapter>

Jan 2023 – Sep 2023

## Education

Phd — IISc Bangalore

Faculty: Computer Science • Major: Machine Learning

2017 – 2022

## Skills

- Multimodal
- Representation Learning
- Optimization
- Paper Writing
- Experimentation

## Awards

Best Paper (Honorable Mention) — CVPR Workshop, 2024

VL-Adapter

## Publications

- Nair, P. et al. 'VL-Adapter: Parameter-Efficient Tuning for VLMs', ICML 2024.

## Languages

- English — Fluent
- Malayalam — Native
